

Oil-Free
Diaphragm Pump

Capex L2

Max Flow	8.0 l/min
Max Vacuum	280 mbar (abs)
Max Pressure	2.0 bar

Contamination free pumping

The Capex L2 vacuum pump/compressor provides a clean oil free vacuum and pressure source. Suitable for continuous-duty the Capex L2 is ideal for use in environmental sampling applications where long term reliability is essential.

Advanced adaptability

Designed for use in OEM applications the Capex L2 is available with a wide range of installation accessories and the unique ability to rotate the pump heads in any orientation making the unit easily fit into clients' equipment without the need for design changes. A version of the Capex L2 is available housed in a splash proof metal case suitable for laboratory bench top use.

Unrivalled reliability and long life

Offering exceptionally low cost of ownership the Capex L2 has the longest running life in its class offering over 10,000 hours between service intervals. Capex L2 pumps have an unrivalled life expectancy and units have been known to be in service in excess of 20 years.

Corrosion resistant options

The Capex L2 can be upgraded with a range of optional material components providing resistance to a wide range of corrosive gases and vapours

Application ideas

Application ideas include environmental monitoring, oxygen analysis, gas sampling and beauty therapy .

Capex L2

Motor Type:

IP20, shaded pole with shielded ball races throughout. 1400 RPM @ 50Hz
 Thermal Protection 120°C
 Maximum ambient 40°C

model no.	110/115V 50/60Hz			230V 50Hz		
	operating current	max. load	fuse rating	operating current	max. load	fuse rating
Capex L2	0.5A	0.6A	2.0A	220mA	0.3A	1.0A
Capex L2C	0.5A	0.6A	2.0A	220mA	0.3A	500mA

Performance:

model no.	max. free flow l/min	max. vacuum mbar (abs)	max. pressure bar
Capex L2	8.0	280	2.0
Capex L2C	7.5	280	2.0

Pump Materials:

With the option of appropriate materials for the head and flexibles, Capex L2 pumps will handle a wide range of corrosive gases.

component	standard	options
Head	Nylon	Polypropylene, aluminum, stainless steel, PTFE coated
Diaphragm/Valves	EPDM/Nitrile	PTFE, Viton
Connectors	Nylon	Polypropylene, aluminum, stainless steel, PTFE coated
'O' Rings	Nitrile	PTFE, Viton

Connectors:

Plain, horizontal, Nylon 8.0mm OD
 Optional: horizontal - Nylon, Polypropylene 6.4, 6.8 & 8.0mm OD
 Vertical - Nylon, Aluminum, Stainless Steel 6.0, 6.4 & 8.0mm OD, PTFE 8.0mm OD.

Optional filters & silencers:

(included in L2C)
 Filter: 100 micron, cleanable
 Silencer: Minimises noise and smoothes flow pulsation

Capex L2 2.0kg

dimensions: mm

Capex L2C 3.75kg
